

# Sports Sunglasses Instruction Manual

## Welcome to Enhanced Vision with Your New Sports Sunglasses!

These sunglasses are engineered to provide superior protection and clarity for your active lifestyle. Please read these instructions to maximize their performance and longevity.

### 1. Wearing Your Sunglasses:

- Hold the sunglasses by the temples.
- Position the frame comfortably on the bridge of your nose.
- Slide the temples over your ears. The sunglasses should feel secure during movement. Some models may have additional features like adjustable nose pads or temple tips for a customized fit. Adjust these as needed for optimal comfort and stability.

### 2. Lens Technology:

- Your sports sunglasses feature lenses designed to reduce glare and provide UV protection. The specific lens tint may enhance contrast for certain activities.
- Avoid touching the lenses directly to prevent fingerprints and smudges.

### 3. Care and Maintenance:

- **Cleaning:** Rinse the lenses with water to remove any dirt or debris. Then, gently clean them with the provided microfiber cloth. For stubborn smudges, you can use a lens cleaning solution.
- **Storage:** When not in use, store your sunglasses in the provided protective case. This will prevent scratches and damage.
- **Handling:** Be mindful of your sunglasses during activities. Avoid dropping them or exposing them to extreme temperatures.

### 4. Important Information:

- While these sunglasses offer impact resistance, they are not unbreakable and do not provide complete protection against all types of impact.
- Regularly inspect your sunglasses for any signs of damage. If you notice any cracks or loose parts, discontinue use and consider replacement.

Enjoy your activities with enhanced vision and protection!
